UNIVERSITY MAGNA GRÆCIA OF CATANZARO

The **University Magna Græcia of Catanzaro (UMG)** is a young, dynamic, and rapidly growing public university in Southern Italy. Located in Catanzaro, the regional capital of Calabria, UMG offers a vibrant academic environment at the crossroads of tradition, innovation, and international outlook.

Set between the sea and the mountains, the University provides an **ideal lifestyle for students** who wish to combine high-quality education with an exceptional quality of life, in a welcoming and stimulating Mediterranean setting.

UMG stands out for its **interdisciplinary approach**, student-centred teaching, and cutting-edge research. The University offers a comprehensive range of academic pathways, including Bachelor's and Master's degree programmes, PhD programmes, specialisation schools, and advanced professional training, with strong opportunities for international mobility and study abroad.

The “Salvatore Venuta” University Campus features modern teaching and research facilities, libraries and laboratories, student residences, sports facilities, green areas, and dedicated student services-creating a fully integrated campus experience.

At UMG, students are encouraged not only to study, but to grow as global citizens, ready to face the challenges of an interconnected world.

Study in Italy.

Learn in Europe. Shape your future at UMG!
